# WELCOME

## CONGRATULATIONS

On joining The Vocal Academy. We are excited to meet you, welcome you & your family into our academy and assist you with your musical goals.

## ABOUT US

We love what we do! Our academy moto is 'we are vocal about the things we love', and with as little as 1 minute spent in our studio, we're sure you will know what we mean by that.

Our focus is to teach, motivate and inspire whilst building confidence through music.

We practice consistency with weekly lessons and tailor each lesson to ensure our students target their goals. We conduct multiple workshops, masterclasses and performance days throughout the year. This is where we promote specified education, individualised development and see student growth!

We pride ourselves on our community, our coaches have an infectious and approachable nature, and we are filled with joy to welcome you onboard!

## GUIDING PHILOSOPHY

At The Vocal Academy, our guiding philosophy is an Expectation of Excellence in both staff and students. Our rigorous lesson structure and programs are delivered by our passionate coaches, who are highly dedicated to the growth and development of each individual student.

## OUR COMMUNITY

We have established a vibrant artistic community with a strong support system. When it comes to our community, our direct focus is the 'at home' feeling. We have a unique and special culture where staff, students and their families feel a part and have a great impart. We value the positive bonds that connect our community and provide a safe and supportive environment for students to thrive.

## STUDENT ADDITIONS

At The Vocal Academy, we believe that the whole-person needs to be nurtured in order to flourish. When our vocal and instrumental lessons are complimented with our annual social events, we create an atmosphere whereby our students are able to support one another, mingle and establish musically connections.
